SOUTH CAROLINA
DOCKET NO. 96-295-C - ORDER NO. 97-190
MARCH 10, 1997

IN RE: Application of Crystal Communications,) ORDER
Inc. for a Certificate of Public) APPROVING
Convenience and Necessity to Resell) CERTIFICATE
Interexchange Telecommunications Services)
within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Crystal Communications, Inc. ("CCI" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed CCI to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of CCI's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. CCI complied with this instruction and provided the Commission with

proof of publication of the Notice of Filing.

A hearing was commenced on February 18, 1997, at 11:00 a.m., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. CCI was represented by B. Craig Collins, Esquire. Catherine D. Taylor, Staff Counsel, represented the Commission Staff.

Bruce Catanzarite, Regional Sales Manager for CCI, appeared and offered testimony in support of CCI's Application. Mr. Catanzarite stated that CCI is a Florida corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Catanzarite, CCI proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Mr. Catanzarite explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures. Mr. Catanzarite also explained that CCI possesses the technical, financial and managerial abilities to provide its services in South Carolina.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. CCI is incorporated under the laws of the State of Florida and is licensed to do business as a foreign corporation in

the State of South Carolina by the Secretary of State.

2. CCI operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. CCI has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to CCI to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for CCI for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. CCI shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. CCI shall file its proposed rate changes, publish its notice of such

changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1996).

4. CCI shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. CCI is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. CCI shall resell the services of only those interexchange

carriers or LECs authorized to do business in South Carolina by this Commission. If CCI changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, CCI shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. CCI shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. Attachment B shall be utilized for the provision of this information to the Commission.

CCI shall file the names, addresses and telephone numbers of these representatives on Attachment B with the Commission within thirty (30) days of receipt of this Order. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to

comply with the Commission regulations unless waived by the Commission.

11. This Order shall remain in full force and effect until further Order of the Commission.
